

# AMB

International exhibition for metal working  
16. – 20.09.2014  
MESSE STUTTGART

## Hall occupancy by industries (Subject to change!)

East entrance	<ul style="list-style-type: none"> <li>· Machining Tools</li> <li>· Chucking devices</li> <li>· Measuring systems, quality assurance</li> </ul>	Hall 6	<ul style="list-style-type: none"> <li>· Sawing and cutting-off grinding machines, Gear cutting machines</li> <li>· Drilling machines</li> <li>· Machinery and equipment for use in surface technology</li> <li>· Marking systems</li> <li>· Hardening and heat treatment machines</li> <li>· Lubrication and cooling</li> </ul>
Hall 1	<ul style="list-style-type: none"> <li>· Machining Tools</li> <li>· Chucking devices</li> <li>· Measuring systems, quality assurance</li> </ul>	Hall 7	<ul style="list-style-type: none"> <li>· Milling machines</li> <li>· Flexible manufacturing cells and systems, machining centres</li> <li>· Physico-chemical process machines</li> </ul>
Hall 1 Gallery	<ul style="list-style-type: none"> <li>· Machining Tools</li> <li>· Chucking devices</li> </ul>	Hall 8	<ul style="list-style-type: none"> <li>· Grinding machines</li> <li>· Tool grinding machines</li> <li>· Abrasive tools and products</li> <li>· Honing, polishing, lapping and deburring machines</li> <li>· Turning machines, automatic lathes</li> <li>· Milling machines</li> </ul>
Hall 2	<ul style="list-style-type: none"> <li>· Machining Tools</li> <li>· Chucking devices</li> </ul>	Hall 9	<ul style="list-style-type: none"> <li>· Milling machines</li> <li>· Flexible manufacturing cells and systems, machining centres</li> </ul>
Hall 3	<ul style="list-style-type: none"> <li>· Lathes and automatic lathes</li> </ul>	ICS C1	<ul style="list-style-type: none"> <li>· European MINT Convention 16.-17.9.2014</li> </ul>
Hall 4	<ul style="list-style-type: none"> <li>· Software &amp; engineering</li> <li>· Controls and drives</li> <li>· Mechanic components</li> <li>· Hydraulic/pneumatic components</li> <li>· Electric and electronic equipment for machine tools</li> <li>· Safety and environmental engineering</li> <li>· Accessories</li> </ul>	Hall 5	<ul style="list-style-type: none"> <li>· Lathes and automatic lathes</li> <li>· Milling machines</li> <li>· Flexible manufacturing cells and systems, machining centres</li> </ul>
